

"I really enjoy attending the tutorials for the open discussions we have, learning to see things from someone else's perspective and learning about other sectors. The constant support and communication via e-mails from the support and admin team and on line tutorial notes is great. The ability to send in and receive feedback on past exam papers throughout the programme increases the support and learning process which BPP provide. Knowing that I have such a great support system around me encourages me to use the tools and help available to achieve the best that I can. Deciding to study for the BIFM (Qual) requires determination and a thorough investigation of who to study with. Location, past performance, flexibility to suit my time available and calibre of the tutors were all factors that influenced my decision to enrol with BPP. I have recommended BPP to a number of colleagues, to help them advance their careers, as I am really enjoying the programme. Achieving the Student Winner of the Year has given me the confidence to move on and seek a more responsible job in FM, knowing that I have the support of a network of tutors and fellow students to help face new challenges."

Alison East, Facilities Manager, Barclays Capital, Dubai: Joint BIFM Student of the Year 2004
